3RD GLOBAL MINISTERIAL CONFERENCE ON ROAD SAFETY

STOCKHOLM 19-20 FEB 2020

# Aim of the conference

- The conference marks the end of the UN Decade of Action for Road Safety 2011–2020 and the starting point for continued collaboration on road safety.
- The conference will be an important opportunity to reflect upon progress achieved during the Decade of Action for Road Safety and the SDG goal 3.6.
- The aim is to reach global consensus on guidelines for continued international collaboration on road safety up to 2030.

# Road traffic deaths is a global challenge

Every year there are 1.35 million road traffic fatalities globally

Road traffic injury is the leading cause of death for young people aged 5-29 years.

The eighth leading cause of death for all age groups.

# Decade of Action for road safety 2011-2020

5 pillars have been established to guide the efforts of national and local governments:

- Road safety management
- Safer roads and mobility
- Safer vehicles
- Safer road users
- Post-crash response

- **Moscow, 2009**
- **Brasilia, 2015**
- **Stockholm, 2020**

# The 2030 Agenda - seventeen global goals towards a sustainable society.

The Swedish approach to road safety, the Vision Zero, is a sustainable approach to the challenge of road traffic deaths.

Road safety is included in the 2030 Agenda and are closely linked to other sustainability challenges, such as

- Climate change,
- Public health,
- Equality,
- Poverty and human rights.

# Pre- and post-events

We welcome applications from all stakeholders who wish to organize a pre- or post-event to cover as many aspects of road safety as possible.
