

BEFINTLIG VÄGKANT
 BRO SOM FÖRELÄS BYTAS

The drawing shows a plan view of a bridge structure. A dashed line at the top represents the existing road edge (BEFINTLIG VÄGKANT). Below it, a north arrow points upwards. The bridge structure is composed of several segments, numbered 01 through 16. Segments 01 to 05 are on the left side, and segments 06 to 16 are on the right side. Segments 07, 08, and 09 are located in the middle of the bridge structure. The bridge is shown as a series of connected rectangular blocks, with some segments having internal structural details indicated by lines.
