

Setting up Pointsharp Login for Chaos

To be able to use Pointsharp Login for multi-factor authentication at the Swedish Transport Administration, you need to install and configure Pointsharp Login on your phone.

Installing Pointsharp Login on an iOS device (iPhone/iPad)

1. Go to **the App Store** and search for **Pointsharp Login**

2. Tap **Download → Install**.

Install Pointsharp Login on an Android device

1. Go to **Google Play** and search for **Pointsharp Login**

2. Tap **Install**.

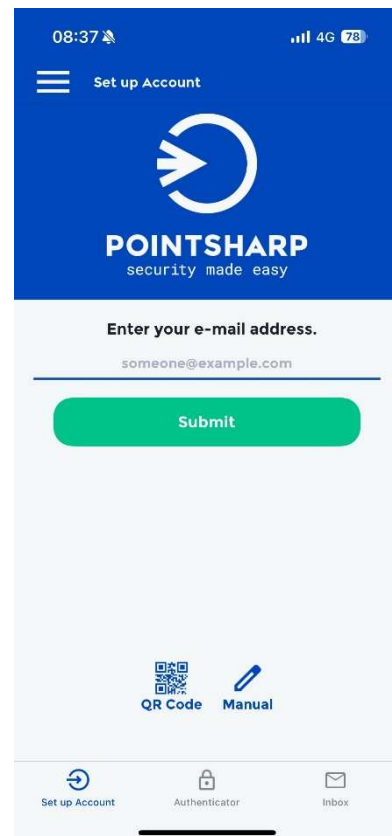

For Pointsharp Login to work, the phone must have a PIN code enabled

Setting up Pointsharp Login

NOTE: You should not fill in any email address!

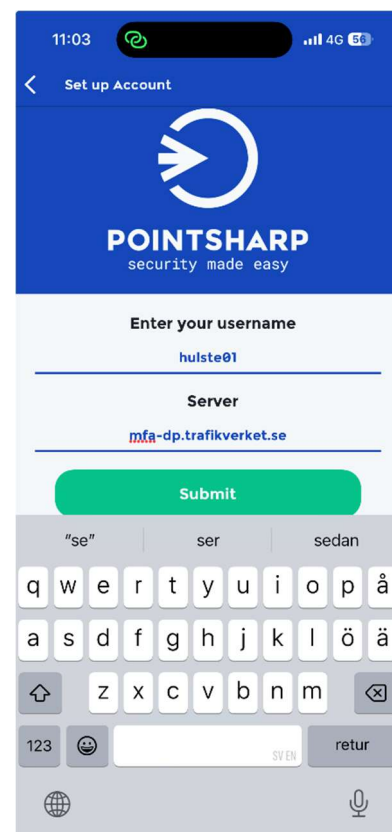

1. Click on "Manual" at the bottom right

(If you already have Pointsharp Login activated for another account press the three dots in the upper right corner of the start screen and choose "Add" to enter this screen)

The screenshot shows the 'Set up Account' screen of the Pointsharp app. At the top, the status bar shows the time 08:37 and 4G signal. The app header is blue with the Pointsharp logo and the text 'POINTSHARP security made easy'. Below the header, the instruction 'Enter your e-mail address.' is displayed. A text input field contains the placeholder 'someone@example.com'. A green 'Submit' button is positioned below the input field. At the bottom, there are two icons: 'QR Code' and 'Manual'. The bottom navigation bar includes icons for 'Set up Account', 'Authenticator', and 'Inbox'.

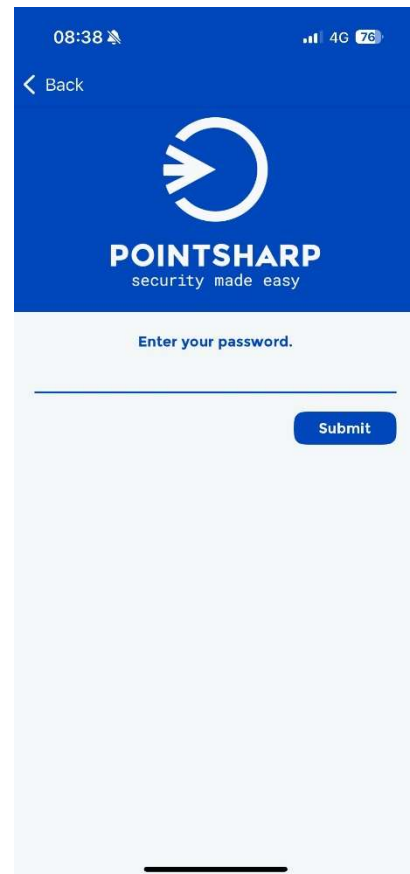

2. Fill in your **username** on the first line.
On the second line fill in **mfa-dp.trafikverket.se**
Click on "Submit"

The screenshot shows the 'Set up Account' screen of the Pointsharp app. At the top, the status bar shows the time 11:03 and 4G signal. The app header is blue with the Pointsharp logo and the text 'POINTSHARP security made easy'. Below the header, the instruction 'Enter your username' is displayed. A text input field contains the placeholder 'hulste01'. Below this, the instruction 'Server' is displayed. A text input field contains the placeholder 'mfa-dp.trafikverket.se'. A green 'Submit' button is positioned below the input fields. A Swedish keyboard is visible at the bottom of the screen.

3. Enter the password you use to log in to the Chaos.

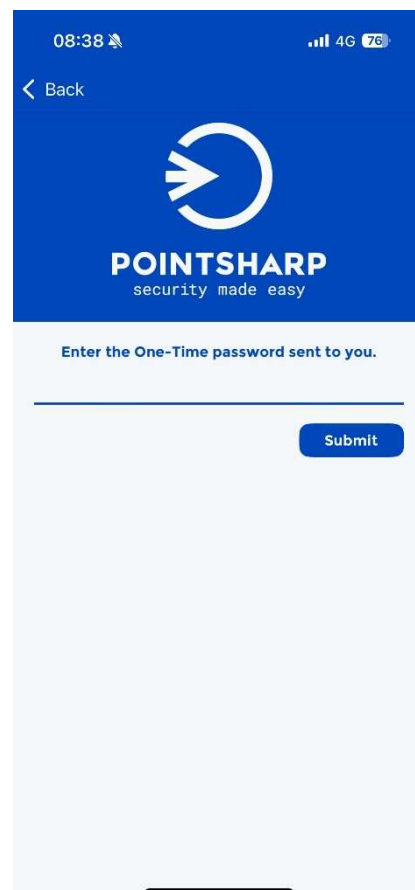

Click on "Submit"

A screenshot of a mobile application interface for POINTSHARP. The top status bar shows the time 08:38, signal strength, 4G network, and 76% battery. The app header is blue with a white logo consisting of a circle and three horizontal lines to its left. Below the logo, the text "POINTSHARP" is displayed in white, followed by the tagline "security made easy" in a smaller font. A "Back" button with a left arrow is in the top left corner. The main content area has a light blue background and contains the instruction "Enter your password." in a small, dark font. Below this instruction is a horizontal line representing the password input field. To the right of the input field is a blue "Submit" button with white text. A black horizontal line at the bottom of the screen indicates the home indicator bar.

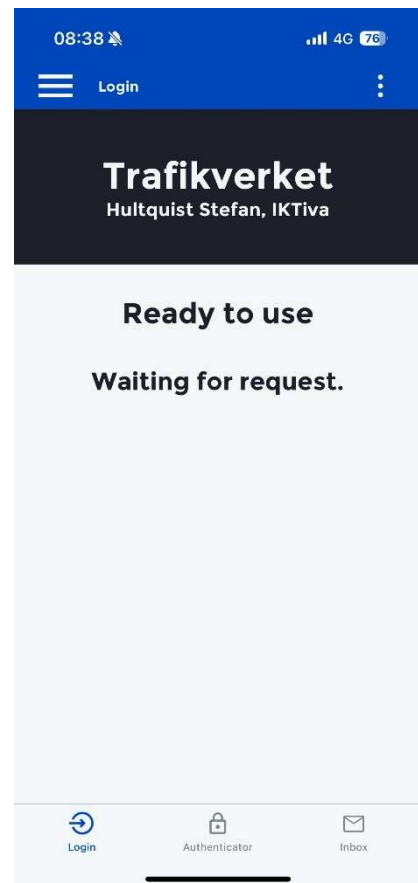

4. A SMS with a six-digit code should now be sent to your phone.

Enter that code in the field and click "Submit"

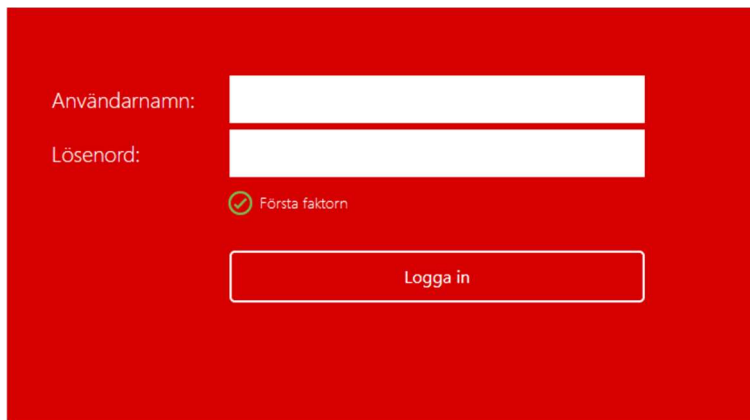

A screenshot of a mobile application interface for POINTSHARP, showing the verification step. The top status bar shows the time 08:38, signal strength, 4G network, and 76% battery. The app header is blue with the same white logo as the previous screen. Below the logo, the text "POINTSHARP" is displayed in white, followed by the tagline "security made easy" in a smaller font. A "Back" button with a left arrow is in the top left corner. The main content area has a light blue background and contains the instruction "Enter the One-Time password sent to you." in a small, dark font. Below this instruction is a horizontal line representing the verification code input field. To the right of the input field is a blue "Submit" button with white text. A black horizontal line at the bottom of the screen indicates the home indicator bar.

5. When you see the text "Ready to use", the onboarding is complete and the app is ready to use.

Login to Chaos with Pointsharp Login

- Go to <https://chaoswebb.trafikverket.se>
- Enter Username and Password, then click on Logon
- Open Pointsharp Login and click "Confirm"

A web login form with a red background. It contains two white input fields for 'Användarnamn:' (Username) and 'Lösenord:' (Password). Below the password field is a green checkmark icon and the text 'Första faktorn'. At the bottom is a white button with the text 'Logga in'.
