TRAFIKVERKET
SWEDISH TRANSPORT ADMINISTRATION

Send application to…	if the case concerns…
The municipality	one municipality
The Trafikverket regional office	more than one municipality

To (agency name and address)

APPLICATION for exemption from the regulations of the Traffic Ordinance (SFS 1998:1276) on the maximum allowable

width	length	**gross weight, axle load, tandem axle load/tripe axle load**
Date		*Weight and dimension regulations, see www.trafikverket.se*

Space for agency notes

Applicant

Business name (or similar)	Contact person	Telephone
Street address		Fax
Postal code	City (and country, if applicable)	Email

Route of transport

Origin	Street address (or similar)	County
Destination	Street address (or similar)	County
Route of transport desired		Date of transport

Vehicle

Traction vehicle, type	Registration number	Working distance front axle - connector (cm)
Truck Truck tractor Other vehicle		
Trailer, type	Registration number	Working distance connector – rear axle (cm)
Trailer Semitrailer Other vehicle		

Length of vehicle/vehicle combination, without load (m)	Width of vehicle/vehicle combination, without load (cm)	Ground clearance in transport mode (cm)	Vehicle adjustable vertically (min/max) (cm)

Load

Description of load (Load type, brand, manufacturing number and any registration number or chassis number)	Centre of gravity of load measured from trailer's first axle (cm):

Length (m)	Width (cm)	Height (cm)	Weight (kg)

		Overhang behind last axle (m)	Additional weight, load securing equipment, etc. (kg)

Transport (vehicle including load)

Length (m)	Width (cm)	Height (cm)	Gross weight (kg)

Sketch out the load. If heavy transport, mark number of axles and indicate all wheel spaces and all axle loads. Supplementary information and sketch of other vehicle combinations can be shown on separate sheets.

Solitary transport		If several transports, indicate how many:
Yes	No
