Renewed commitment Actionplan and Integrated approach

Road fatalities in Sweden

Swedish government's renewed commitment to Vision Zero - September 2016

Road Safety Action Plan 2019-2022

An action plan has been produced with 111 commitments from 14 stakeholders.

- Speed (controlling of harmful energy)
- Sober driving
- Safe cycling
- Other areas (suicide prevention, safe transports etc.)

Challenges

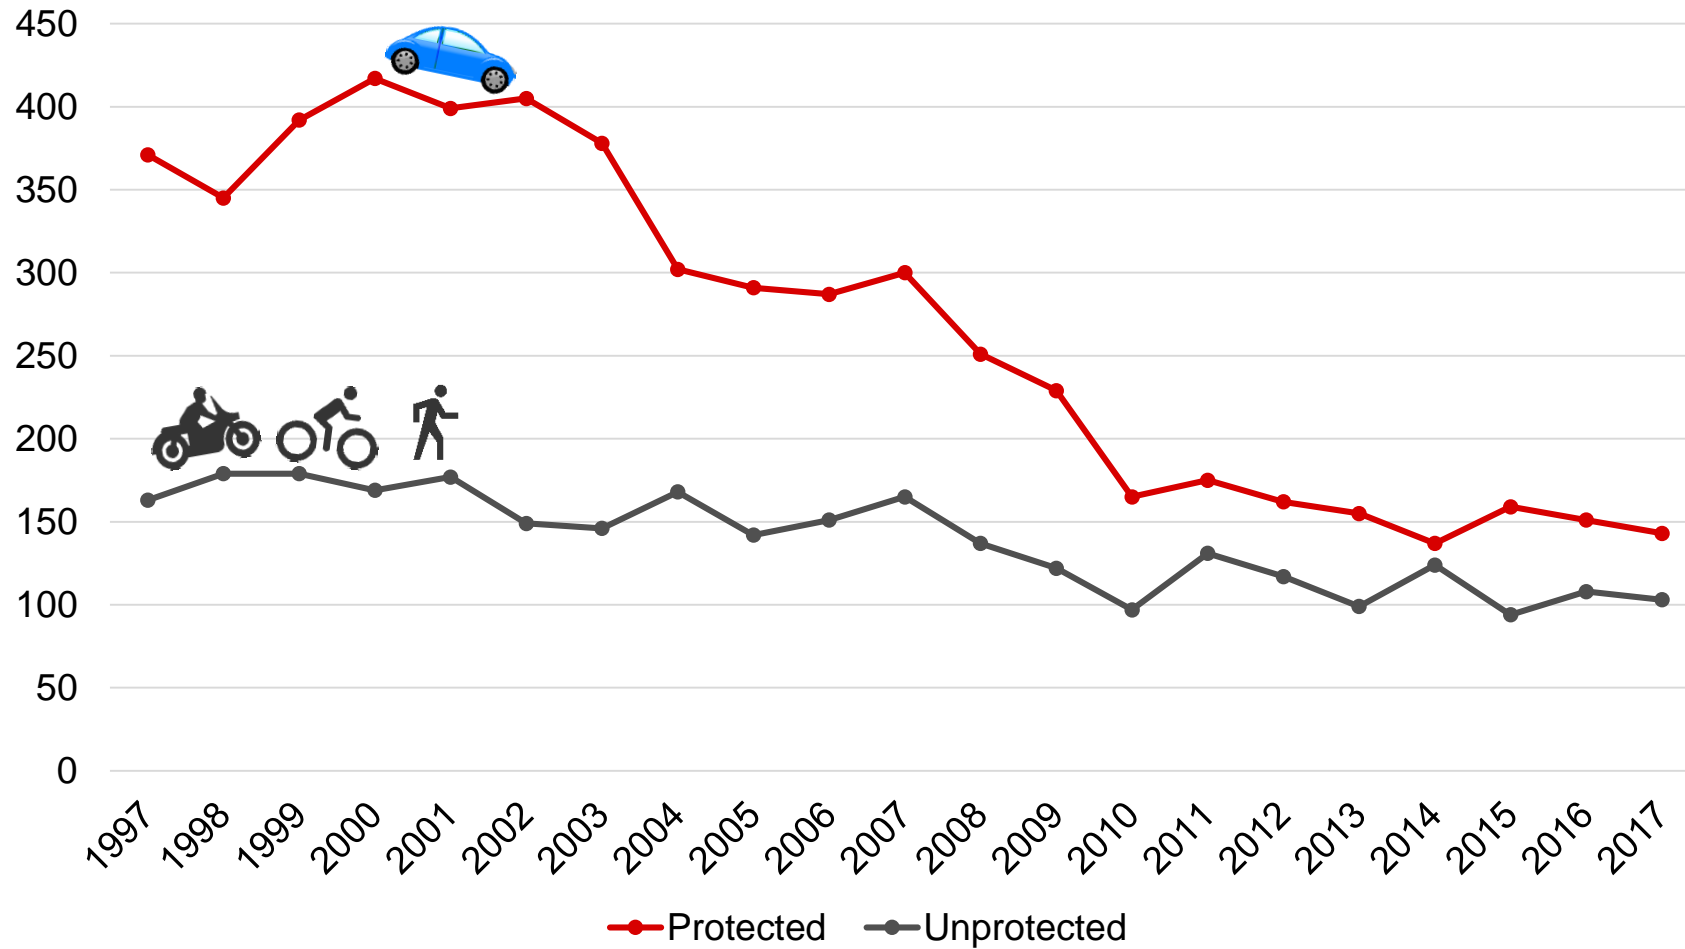

- Big network
- Safe speed
- Alcohol & drugs
- Unprotected roadusers
- Implementation & new tools

Fatalities

Number of hospitalized persons due to traffic accidents

Countermeasures

"A mix of the new and the old"

The 9 recommendations....

1. Modal Shift
2. Sustainable Practices and Reporting
3. Safe Vehicles across the Globe
4. Childrens health
5. Public Procurement
6. 30 km/h
7. Upgrade Infrastructure
8. Zero Speeding
9. Technology

By 2020, halve the number of global deaths and injuries from road traffic accidents.

By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons.

Encourage companies, especially large and transnational companies, to adopt sustainable practices and to integrate sustainability information into their reporting cycle.

Promote public procurement practices that are sustainable, in accordance with national policies and priorities.
