

Information platform

Trine Lise Hornæs

Norwegian public Road Administration

Online platform

- A joint online platform is established: vegvesen.no/platformnorth
- This is equal and neutral information and will, for the time being, serve as the preferred channel when referring Platform North externally.
- Establishing a shared, external website will be considered in the time ahead.

Platform North

The screenshot shows the homepage of the Platform North website. At the top, there is a dark navigation bar with the Statens vegvesen logo on the left and a search bar on the right. Below the navigation bar, the page title "Platform North" is displayed, followed by a subtitle: "A collaboration between Norway, Sweden, and Finland for transport across the borders in the north." The main content area is organized into a grid of six cards, each with a title and a brief description, and a right-pointing arrow indicating further content. The cards are: "About Platform North", "National and regional transport plans", "Reports and publications", "The Platform North Forum", and "Other Nordic transport cooperation efforts".

This screenshot shows a list of "Other Nordic transport cooperation efforts". The page title is "Other Nordic transport cooperation efforts" with a subtitle "Ongoing and previously completed inter-Nordic transport cooperation efforts." Below the title, there are several sections with dropdown menus for navigation. The sections include: "The Barents Euro-Arctic Council" (with a dropdown arrow), "BEATA" (with a dropdown arrow), "North Barents Transport Plan (PDF)", "24-hour road area in the Barents region (PDF)", "Kolarctic" (with a dropdown arrow), "Baltic-Atlantic" (with a dropdown arrow), "Kvarnvidet" (with a dropdown arrow), "Interreg Aurora" (with an up arrow), "Interreg Aurora - New programme for Cross-border Cooperation 2014-2020" (with a dropdown arrow), "New North - Transport, Logistics and Security of Supply - Logistics" (with a dropdown arrow), and "Current Status of Changes in Railway Freight Transport (PDF)".

This screenshot shows the "National and regional transport plans" page. The page title is "National and regional transport plans" with a subtitle "The approved long-term transport plans for each of the countries, both nationally and regionally." Below the title, there are two main sections: "National transport plans" and "Regional transport plans". Under "National transport plans", there are three entries: "Norway" (with a dropdown arrow), "Sweden" (with a dropdown arrow), and "Finland" (with a dropdown arrow). Under "Regional transport plans", there are three entries: "Norway" (with a dropdown arrow), "Sweden" (with a dropdown arrow), and "Finland" (with a dropdown arrow). Each entry has a small icon and a link to the respective plan.

Platform North

A collaboration between Norway, Sweden, and Finland for transport across the borders in the north.

About Platform North >

Norway, Sweden and Finland are now establishing a cross-border cooperation called Platform North.

National and regional transport plans >

The approved long-term transport plans for each of the countries, both nationally and regionally.

Reports and publications >

Produced material from the Platform North collaboration, and other relevant documents related to the transport sector in the related geographical area."

The Platform North Forum >

Information about the Platform North Forum, and presentations from the arrangement.

Other Nordic transport cooperation efforts >

Ongoing and previously completed inter-Nordic transport cooperation efforts.

Platform North

Cooperation across borders

- A joint communication group has been established.
 - Equal partners in the exchange at the agency level
 - Involvement and input from the government level must be further assessed.
 - The resource use from each party depends on national and Nordic priorities regarding Platform North

Platform **North**

Establishing common ground

- We need to be able to easily explain what Platform North is.
- What's in it for you and your institution?
 - Norway?
 - Sweden?
 - Finland?

The unified message platform must come from a shared standpoint.

Who are we talking to?

- So far: You in the audience
- Time ahead:
 - Collaboration partners
 - Contributors
 - Politicians
 - The broad public
- Main target audience, and why?

This is crucial for the direction and form of communication.
